SEEK Program
Shuster Hall 257
Freshman Programs
Carman Hall 336

November 28, 2016

Dear SEEK Student,

Attached is a packet of registration materials and instructions. All second semester SEEK Freshmen students will **register online** beginning on **Monday, December 12** (times may vary; check CUNYfirst for enrollment time). To ensure a successful registration for the Spring 2017 semester, it is essential to read through all material carefully. To help you in the registration process, **CUNYfirst** instructions will be available in your Blackboard account in the "Course Documents" tab option. Please be sure that you have **claimed** your **CUNYfirst account** so that you can **register**. Be sure to also check that your login information is working properly. The Lehman College **IT Help Desk** can help you with any technical difficulties. The IT Help Desk is located in **Carman Hall Room # 108**; you can call them at **(718) 960-1111**.

If you need help with any aspect of registration for the **Spring 2017** visit or call the **SEEK Main Office** to schedule an appointment with your **SEEK counselor**. The **SEEK Main Office** is located in **Shuster Hall Room # 257**, the office phone number is **(718) 960-7979**. Registration assistance is also available at the **Freshman Programs Office** located in **Carman Hall Room # 336** or **339**, from 10am – 4pm, Mon – Thurs, or call **(718) 960-1193**. If you need help, please contact us immediately. Do not wait until registration day; the **SEEK** and **FYI** offices are ready to **help you NOW!**

Good Luck!

Sincerely,

Dr. Annette Hernández,
SEEK Director

Steven Wyckoff,
Freshman Year Initiative Director

Please remember that your **Spring 2017** program **MUST** include **a half-block** (of your choice), or your **courses** will be **dropped**.

SEEK Students MUST carefully Read and Adhere to the following instructions...

Attention SEEK Students! Before Registering on CUNYFirst you MUST do the following:

1) Select a **Half-Block** that you are interested in (identify a second and/or third choice just in case any **Half-Block** classes are “**closed-out**” when you register on **CUNYFirst**) ... Make a **note** of the **times** when the **classes** meet for the **Half-Block**.

2) Referring to the **Half-Block schedule** that you selected, go online to **CUNYFirst** to identify and select the **additional courses** that you need to be a **Full-Time Student**. If these classes **DO NOT CONFLICT** with the classes in the **Half-Block**, then go ahead and register for them along with the classes in your **Half-Block**. Once you have **registered** for **all your classes** make a **note** of your **class schedule** ***To maintain your SEEK status and continue receiving Financial Aid you MUST register for a total of 12 or more credits***

3) Once you have registered for all of your classes you can then go **online** to **select** and **register** for a **SEEK Critical Thinking (CT) workshop**. To do this, simply point your browser to the following **Web address** to select and register for **CT**: www.seekstudent.net/CTsp2017.php Make sure that the **CT schedule** that you select **does not conflict** with your **class schedule**. Make a **note** of the **CT day & time** that you selected and registered for. ***All SEEK students MUST attend CT during the spring 2017 semester***

4) You will be required to attend an additional **Supplemental Instruction (SI)** and/or an **individual** or **small group tutoring** session during the **spring 2017** semester. Your **SI assignment** for **spring 2017** will depend on your academic performance during the fall 2016 semester as well as your future intended major. You will be contacted via email/text before the start of the **spring 2017** semester with more information about your SI assignment.

5) It is **YOUR RESPONSIBILITY** to ensure that you **REGISTER** for **12 or more credits** for the **spring 2017** semester and that **NONE** of your classes **CONFLICT** with the **CT** schedule that you've selected. If you are having problems registering or need assistance, you can contact the **SEEK Main Office** to make an appointment to speak with your **SEEK Counselor**; the **SEEK Main Office** is located in **Shuster Hall Room # 257**; the office phone number is **(718) 960-7979**.

Freshman Year Initiative Spring 2017 Online Registration Instructions

- 1) Attached are your second semester block options for the Spring 2017 semester. These blocks are part-time schedules with an English composition course, a Writing Intensive course that satisfies an indicated area of Flexible Core/ Distribution study, and an appropriate level math course which you must take unless you have satisfied the college's math requirement (see attached math options). After choosing a block, you *must* choose additional courses (not part of the block) from the regular Lehman College offerings listed in the online Schedule of Classes (*see # 3 below*) to give you a full-time program of 12 to 18 credits.
- 2) **Students who earn an “NC” (no credit), “WU” or “WN” (unofficial withdrawal) grade in ENG111 this semester must repeat it in the spring.** You cannot be registered for ENG121 with an “NC”, “WU” or “WN” grade in ENG111. The FYI office will be monitoring English composition grades as they come in, and will be making any necessary English Composition adjustments to your schedules (see attached ENG 111 option sheet for further info).
- 3) **The Online Schedule of Classes will be available in CUNYfirst.** Because you will choose a block from the attached options *before* you choose additional courses, we advise that you select a few “back-up” courses (and back-up blocks) so that you have several options at the time of registration.

Please Remember the Following:

- **Registration for second semester FYI freshmen begins MONDAY, DECEMBER 12** (*times may vary; check CUNYfirst for enrollment time*).
- **Foreign language courses**, if you wish to add them to your block, require permission from that department (CA-257). Some math courses may require permission from the math department (GI-211b); This should be done before the Fall 2016 semester ends.
- You **must** take **all** courses in any given block at the time frames assigned and then coordinate additional courses ***around*** those time frames. Blocks cannot be integrated. Choose blocks and additional courses **BEFORE** registration. ***Remember, have several courses and more than one block in mind in case of closings. Planning ahead saves time and frustration on the day you register.***

*******PLEASE NOTE*******

Because you are currently taking several courses that meet general education (Gen Ed) curriculum requirements, you need to choose appropriately among the Gen Ed curriculum areas for next semester to avoid incorrect repetition of particular requirements. Be sure that you are selecting *required* courses – your reviewed LRAP will be a great resource.

If you need help with ANY aspect of registration for the Spring '17 semester, like lost block schedules (*blocks Do Not appear in the Schedule of Classes*), understanding the Schedule of Classes, choosing courses from the Schedule of Classes, etc., stop by the **SEEK Main Office in Shuster Hall Room # 257 Monday thru Friday from 9am – 5pm or call (718) 960-7979. DO NOT WAIT UNTIL REGISTRATION DAY** to get help. We are ready to help you **now!**

Freshman Year Initiative Spring 2017 Online Registration Instructions for Biology, Pre Medical, Nursing, Health Care, Accounting, Business Administration

- 1) Attached are second semester block options for students participating in one of nine specialty blocks this semester (Blocks 2-11). Students are expected to continue with their course of study by registering for the appropriate part-time specialty blocks (18-27 respectively) next semester. Math is a mandatory part of your part-time block, unless you have satisfied the college's math requirement (see attached math options). You would then choose additional courses (not part of the block) from the regular College offerings listed in the online Schedule of Classes (*see # 3 below*) to give you a full-time program of 12 to 18 credits. *If you do not wish to continue with the same major, come to CA-336 to pick up alternative block schedules.* If you need more information on your intended major, you should speak to an advisor from that specific department. PreMed, Pre Dental, Pre Pharmacy: Dr. Jeffrey in Davis Hall 118. Nursing: Prof. Akan in T3 Building 204. Health Care, Dietetics, Nutrition: Prof. Boyar in Gillet Hall 432. Business Admin, Accounting: Prof. Constant in Carman Hall 381.
- 2) **Students who earn an "NC" (no credit), "WU" or "WN" (unofficial withdrawal) grade in ENG111 this semester must repeat it in the spring.** You cannot be registered for ENG121 with an "NC", "WU" or "WN" grade in ENG111. The FYI office will be monitoring English composition grades as they come in, and will be making any necessary English Composition adjustments to your schedules (see attached ENG 111 option sheet for further info).
- 3) **The Schedule of Classes will be available in CUNYfirst.** Because you will choose a block from the attached options *before* you choose additional courses, we advise that you select a few "back-up" courses so that you have several options at the time of registration.

Please Remember the Following:

- **Registration for second semester FYI freshmen begins MONDAY, DECEMBER 12** (*times may vary; check CUNYfirst for enrollment time*).
- **Foreign language courses**, if you wish to add them to your block, require permission from that department (CA-257). Some math courses may require permission from the math department (GI-211b); This should be done before the Fall semester ends.
- You **must** take **all** courses in any given block at the time frames assigned and then coordinate additional courses ***around*** those time frames. Blocks cannot be integrated. Choose blocks and additional courses **BEFORE registration. Remember, have several courses and more than one block in mind in case of closings. Planning ahead saves time and frustration on the day you register.**

*******PLEASE NOTE*******

Because you are currently taking several courses that meet general education (Gen Ed) curriculum requirements, you need to choose appropriately among the Gen Ed curriculum areas for next semester to avoid incorrect repetition of particular requirements. Be sure that you are selecting *required* courses – your reviewed LRAP will be a great resource.

If you need help with ANY aspect of registration for the Spring '17 semester, like lost block schedules (*blocks Do Not appear in the Schedule of Classes*), understanding the Schedule of Classes, choosing courses from the Schedule of Classes, etc., stop by the **SEEK Main Office in Shuster Hall Room # 257 Monday thru Friday from 9am – 5pm or call (718) 960-7979. DO NOT WAIT UNTIL REGISTRATION DAY to get help. We are ready to help you now!**

Freshman Year Initiative Spring 2017 2nd Semester Options

Attention SEEK Students...

******If you DO NOT pass ENG 111 at the end of Fall 2016 the following will apply to you******

Students who earn an “NC” (no credit), “WU”, or “WN” grade in ENG111 at the end of the Fall 2016 semester must register for ENG111 in the Spring 2017. You must check your grade for ENG111 to see if you’ve passed. Your grade for ENG111 should be available on CUNYfirst on or before December 30th.

If you DO NOT PASS ENG111 in the Fall 2016 semester, you will automatically be dropped from the ENG121 course you registered for from the block options. You will then be automatically registered for the ENG111 course listed below. **Please make any necessary adjustments to your schedule to accommodate this section of ENG111, to avoid conflicts during the automatic drop/add.**

(the following course is for students who do not receive a passing grade in ENG111 in the Fall 2016 semester)

ENG111.02FY (3 cr) M,W 2:00pm-3:40pm) registration code: 57972
English Composition I

SPRING 2017 SEEK MATH OPTIONS

You may need to visit the math department in Gillet Hall, Room # 211b to get advisement and/or permission before you can register for a math course.

You are required to take a math course in the Spring 2017 semester unless you have already completed the college's math requirement; one approved math course numbered at or above MAT125 satisfies your math requirement. If you have already completed the math requirement, taking math this Spring is optional.

Attention SEEK Students...

******If you need to take MATH 132 in the Spring 2017 semester, REGISTER FIRST for the SEEK MATH SECTIONS listed below******

Below is a listing of additional **SEEK Math courses & their registration codes:**

MAT132.01FS	M,W 1:00pm-2:40pm	57091
MAT132.02FS	T,Th 9:00am-10:40am	57092

******For more math options, please see the online Schedule of Classes******

******SEEK students can speak with their counselors for additional reserved sections******
